Bangalore

(Draft) D.O. No. 1235 Dated, the 17th July 1919.

Dear Mr. Manker,

I am in receipt of your letter No: 446 of date. I am sorry I can't straight off reply to your enquiry as to your relations with the Sanitary Commissioner and the Senior Surgeon. From what you say the matter seems to require some examination. I shall have it looked into and communicate to you later.

As regards your query "whether you would be justified in allowing others to have access to, and to inspect, the records in Medico Legal cases etc.," I should think that the answer should be in the negative. It would lead to great abuses, if parties or people interested in parties could get at the Chemical Examiner and anticipate his opinions. I trust this will be of ~~great~~ use to you.

Yours sincerely,

Sd/- C.S. Balasundaram Iyer.

I shall be glad if Secretary will go through the file & put up a note on the point raised by Dr Manker.

General and Revenue Secretariat. | Sany File No. 60 of 1919.

Serial No. 5) Submitted with reference to Ch Secy's remarks on last page.

6) The order of November 11 was quite clear that Dr Srinivasalu as Chemical Examiner would be subordinate to the Senior Surgeon and as Supdt PH Institute to the Sany Comm. Successors to Dr Srinivasalu in these appointments would in the absence of other instructions bear the same relation to the Sr Surgeon and the Sany Comm. The fact that when that order issued the same officer was both Sr Surgeon and Sany Comm and that the S.S. and Sec. are now two different officers does not affect the position either. As to Mr Maurice's first point therefore the reply is that the Chemical Examiner to Govt he should take orders from the Sr Surgeon — & continue to do so as hitherto.

7) As regards the second point raised by Mr Maurice it is difficult to understand what exactly the matter is. Whether medico-legal or other information, what he comes to know in his capacity as Govt Servt he is supposed not to tell "others", nor empowered to allow them to see his papers. Of the means by "others" as possibly he does, the Sany Comm to "others" the answer to this question should still I think be in the negative.

DIARY No. 5489

Office of the Sanitary Commissioner with the Government of Mysore,

SECTION San

FILE No. 60-19-1C

Dated Bangalore 16th September 1919.

D.O. No.

Confidential

Dear Sir,

In acknowledging receipt of Government Proceedings No.G. 6268-70 Sany. 93-18-7 dated the 11th Instant, I beg to bring to your notice that in the new order Mr.V.L.Manker is designated as Officer in charge of Public Health Institute and Assistant to Sanitary Commissioner. This designation also occurred in - - Government Order No.G.18977-9 San.73-17-6 dated the 1st March 1919 but I presumed it had no particular significance beyond indicating the nature of duties of the appointment. As will be seen from Government Notification No.1469 San.19-17-2 dated the 5th September 1917, the approved designation of Mr. Manker is "Assistant Director and Chemical Examiner".

2. The question of the grade and designation of Mr. G.M. Dominick had, under Government Order No.G.17675-6 San.24-18-8, been defferred for consideration along with the proposals for the allocation of officers. He is now designated as "Assistant to Public Health Institute". I believe the words 'the Director' have been omitted after "to".

3. With a view that the designation may be appropriate each with the other and in relation to the ex-officio Director, I would suggest as follows:--

Mr. V.L. Manker to be designated "Chemical Examiner and Senior Assistant Director, Public Health Institute". The - - designation as approved in the Government order of September 1917 appears to be ambiguous as the word "Assistant" may equally well apply to "Chemical Examiner" that follows after "Director". The addition of "Assistant to Sanitary Commissioner" is unnecessary as it carries the implication that he can be deputed for outdoor sanitary inspections as occasions arise. It is of course understood that he attends to the urgent routine work of

of the office during the absence of the Sanitary Commissioner on tour but no special designation on this behalf appears to be necessary.

Mr. G.M.Dominick to be designated as "Assistant Director, Public Health Institute" and Assistant Chemical Examiner". The latter designation is absolutely necessary to enable him to -- attend to Medico-legal work also, i.e. when the Chemical Examiner is on leave or is absent from any other cause.

Yours Sincerely,

To

C.S.Balasundaram Iyer, Esq. B.A.

Chief Secretary to Government,

Bangalore.
